GUIDELINES

- Please check the maximum length of vehicles that the recycling centre accepts on the **Montréal.ca** Web site
- Follow all instructions from recycling centre staff, obey all recycling centre rules and comply with all signage
- Dispose of bulk materials at the ecocentre to maximize sorting, except for dusty items, which must be packaged for health and safety reasons.

Verbal or physical violence anywhere on the ecocentre site is prohibited. The city will refuse access to any citizen who exhibits inappropriate behaviour.

For your safety during your visit to the ecocentre, it is recommended that you wear protective glasses, closed shoes and gloves when sorting and unloading your materials.

RECYCLING CENTRES

Ecocentres are garbage recycling and repurposing sites that are accessible to anyone in the Montréal agglomeration. The ecocentres take garbage such as construction and renovation debris, hazardous household waste (HHW) and items that can be upcycled. They divert a significant amount of garbage from being landfilled.

PROPER SORTING FOR BETTER RECYCLING

Pre-sorting makes your visit to the ecocentre easier and shorter. Separate materials can be rerouted more easily to specialized processing centres.
